Variables, Conditional Statements and loops

Ansible Playbooks – template

Variables in Templates

- {{ variable}}   --> To replace with variable value
- {# ... #}   --> Commenting a line
- # ... ##   --> Commenting multi-lines

Conditional Statements

➢ {% … %} for control statements (conditions)

➢ **Simple if conditional statement:**
➢ {% if condition %}
➢ Your condition is true
➢ {% endif %}
➢ **If else conditional statement:**

➢ {% if condition %}
➢ Your condition is true
➢ {% else %}
➢ Your condition is false
➢ {% endif %}

Ansible **Automation with Ansible Playbooks**

Conditional Statements

- **If elif else conditional statement:**

- **{% if condition1 %}**
- **Your condition1 is true**
- **{% elif condition2 %}**
- **Your condition2 is true**
- **{% else %}**
- **Your all conditions are false**
- **{% endif %}**

loops

➢ **Loops:**

➢ **{% for each in list_of_values %}**
➢ **{{each}}**
➢ **{% endfor %}**

Thank you
